BOREHOLE EVALUATION RESULTS

July, 2023

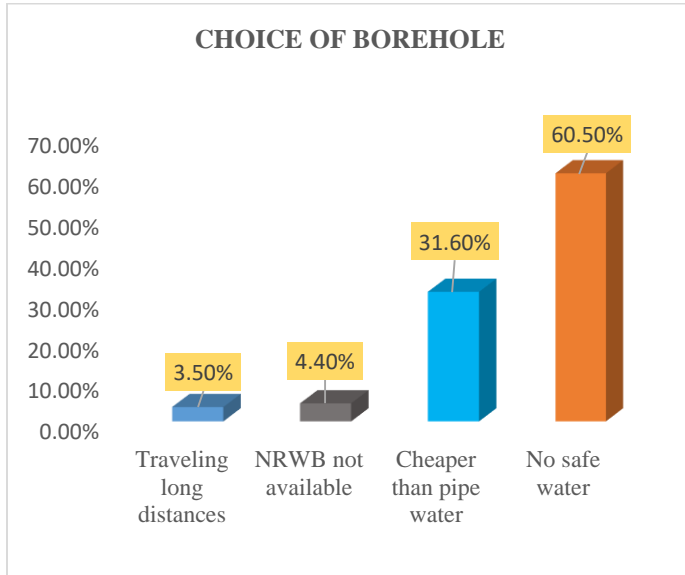

GENDER OF PARTICIPANTS

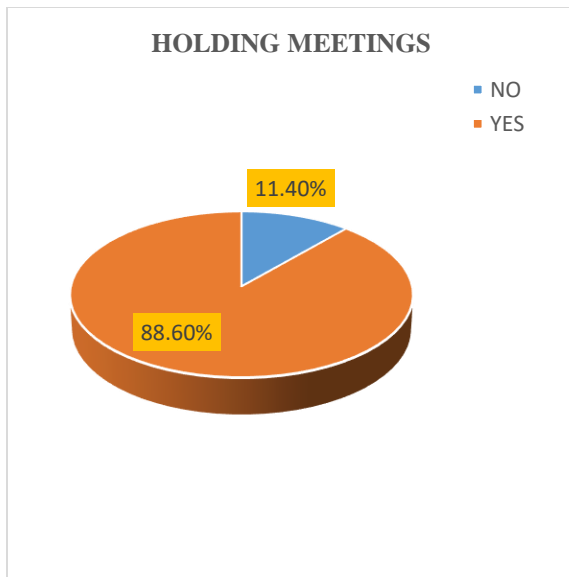

HOW WAS BOREHOLE PROJECT INTRODUCED?

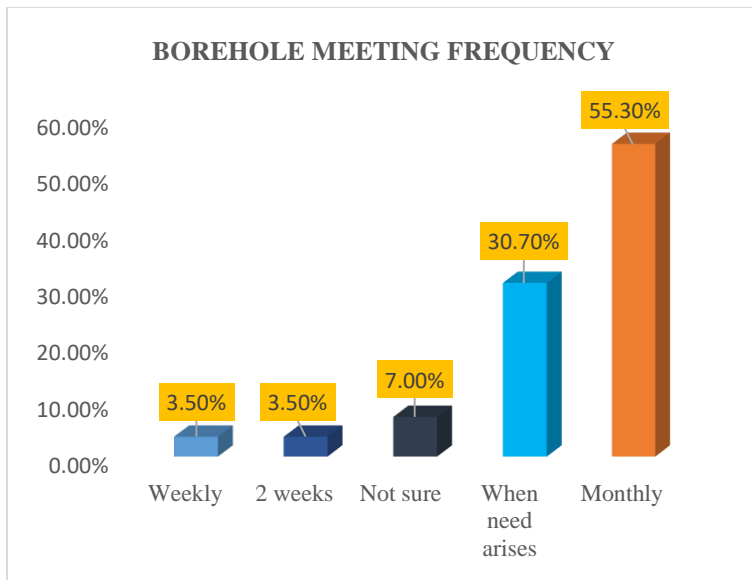

REASONS FOR CHOOSING BOREHOLE PROJECT

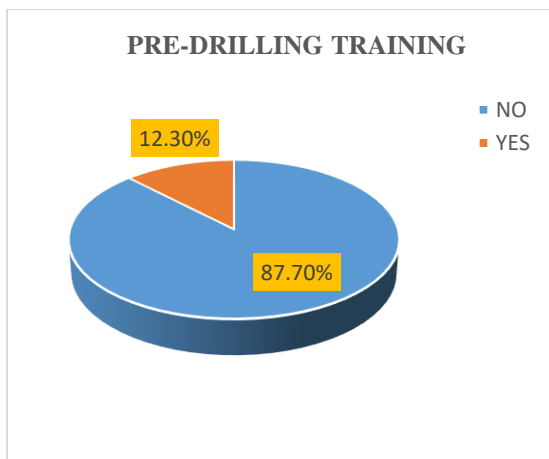

DO WATER POINT COMMITTEES HOLD MEETING?

HOW FREQUENT DO WPCs HOLD MEETINGS?

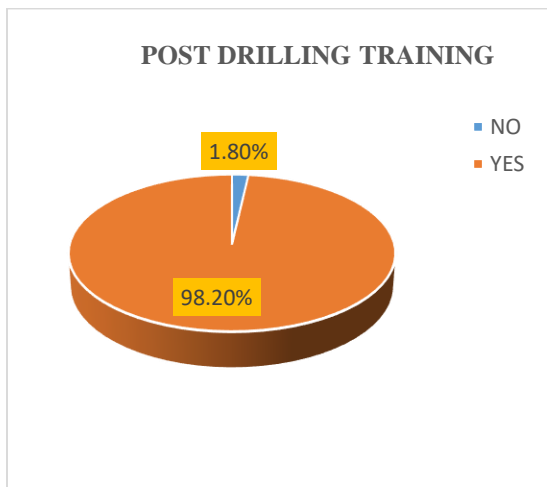

DID YOU ATTEND PRE-DRILLING TRAINING?

For those who responded “no,” the following were the reasons:

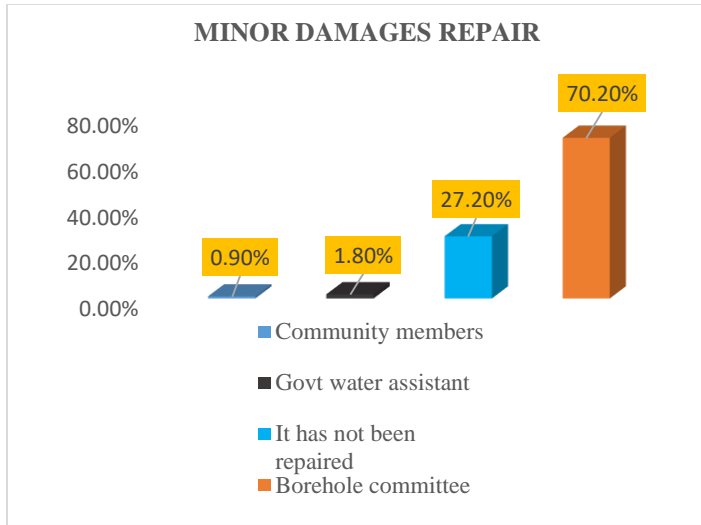

- Many were new in the committee; this made it difficult for them to know whether the pre-drilling training was done or not.
- Two boreholes namely, Malapula and Mzang’unya (near Maize meal), had the contractor already on-site when they were drilled. This made it to conduct pre drilling training while the work was in progress

WERE POST-DRILLING TRAINING?

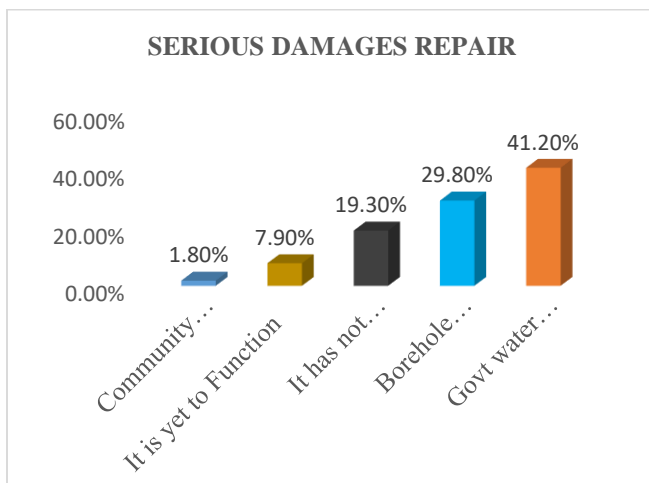

- Those who said no; were new in the committee.

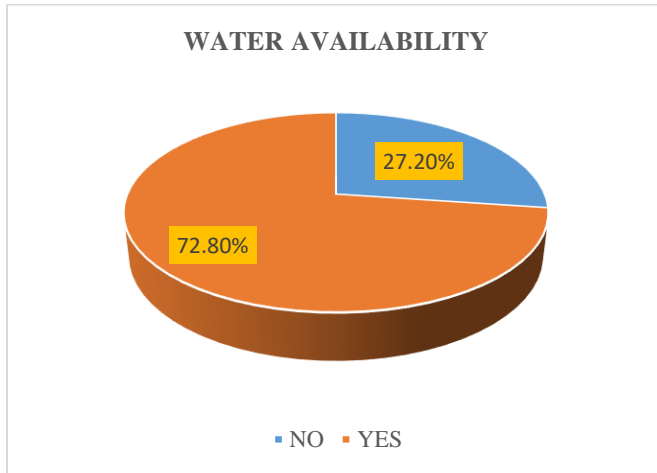

WHO REPAIRS THE BOREHOLE DURING MINOR DAMAGES?

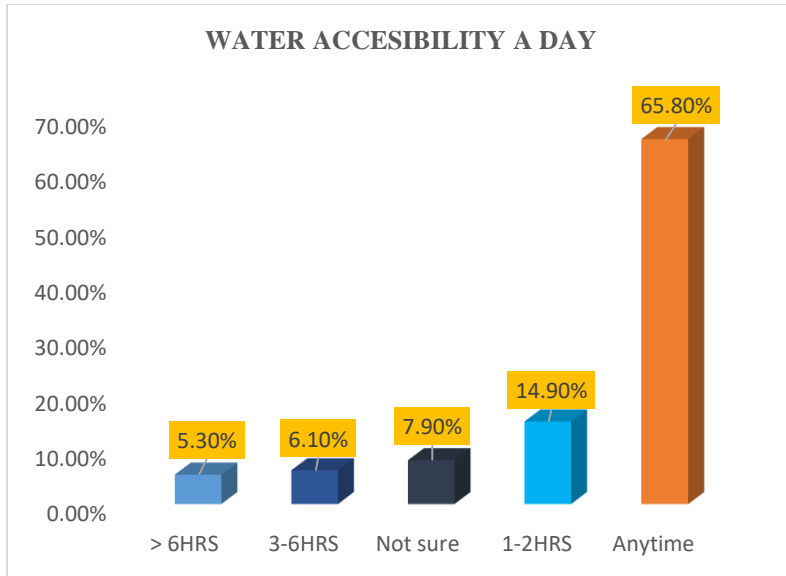

WHO REPAIRS THE BOREHOLE DURING SERIOUS DAMAGES?

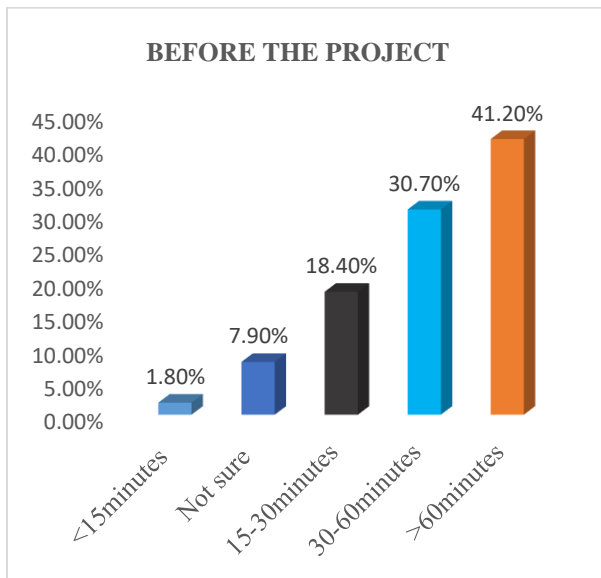

IS THE WATER RUNNING EVERYDAY THROUGHOUT THE YEAR?

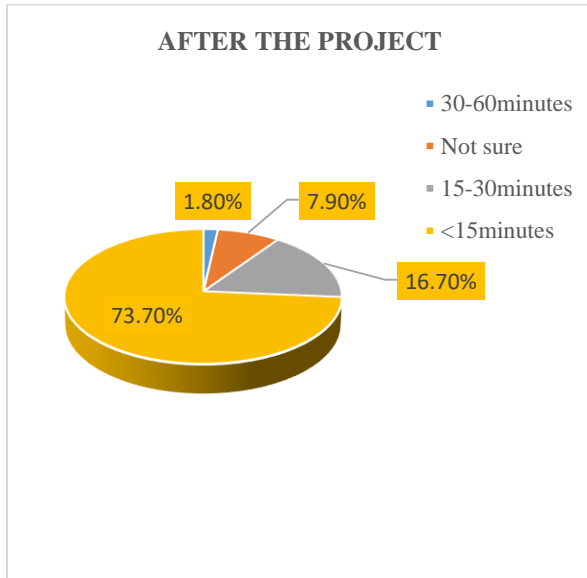

FOR HOW LONG DOES YOUR HOUSEHOLD ACCESS BOREHOLE WATER?

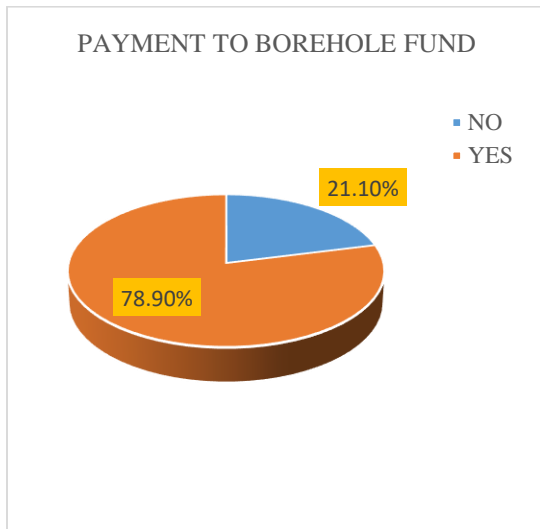

TIME TAKEN TO FETCH WATER BEFORE THE PROJECT?
